

## THE RETURN OF THE NMC `100 CLUB'

After an extremely disappointing season 2004%S a lot of hard work is being carried out behind the scenes to return the club to a position where we rightly belong.

There are many encouraging signs as far as player recruitment is concerned especially among Newport old boys. When we combine these with our up and coming youth players and under the captaincy of Tom King we are confident of success in the new season.

As part of our rebuilding strategy we have agreed to relaunch the 100 club. Only this time all profits will be used specifically to develop Newport Men's Hockey.

If we are to be successful then we need the support and help of everyone associated with the club and you can start by joining the 100 Club and completing the enclose standing order form and returning to myself at the address below. Even better get a friend to join as well.

The rules are simply £1 per month buys you one number. A draw is made monthly with 50% of the contributions being paid out in prize money and 50% to the club to fund development of hockey on the pitch (Astroturf). Top of our priority list is to pay for a coach to organise a structured training programme.

Please join the revolution to make Newport Men's Hockey Club one if not the best Hockey club in Wales.

Many thanks

Jan Allen (Fund Raising Co-coordinator)
